Virtual Teaching Practice Class

This instructor-led Teaching Practice course is the best practical introduction to teaching English as a foreign language that you will ever have.

We limit the number of students who can enroll to ensure quality and individual attention. We found the magic number to be 12.

Over two 3.5-hour workshops in the Teacher Studio (Zoom) with a DELTA-qualified teacher trainer you will put theory into action during this dynamic peer-to-peer teaching practice module.

You will prepare and teach lessons together with classmates from around the world and get invaluable live feedback from your instructor.

Note: This class requires no previous training to attend and past students say they loved it most when taking it at the beginning of their qualification.

I just completed the 10hr virtual teaching training with Michelle Benson I was pleasantly surprised by how engaging it was. Michelle has the teaching 'spark' - supportive, energetic, and knows her stuff. We were laughing and interacting throughout. I'm happy I invested in this Advanced Diploma.

I just purchased the Premier Tefl 310 hour Hybrid Advanced Diploma and I am super excited to get started. The company has very nice and well-structured courses and most importantly very wonderful customer service. My customer service attendee Sandra Lane; was incredibly helpful and very pleasant.

Byron Rowe

I finished a 10 hour online course with Kyle who was absolutely brilliant. He explained everything with clarity, was always listening for questions, and never hesitated to help out. I have just started the 310 hour course and Kyle has already made it feel less daunting than it initially seemed.
